Ewe will need:

- colour printer

How To:

1. **Cut Out Elements:** Begin by cutting out all the pieces from the template.

3. **Assemble the Cloud:** Slide the two cloud pieces together to form a 3D shape.
4. **Add Holes for String:** Use a hole punch to create holes at the top and bottom of the cloud.
5. **Prepare the String:** Cut four identical lengths of string (30 cm each should be enough). Thread one piece of string through each of the bottom holes in the cloud.
6. **Attach Elements to String:** Each small element has a front and back. Glue them together while attaching each element to the piece of string.
7. **Final Touch:** Punch holes at the top of the cloud, then hang your mobile from the top.
